RESUME SUMMARY

I am an aspiring Python developer with hands-on experience in creating practical applications like Expense Tracker. I aim to leverage my skills in backend development to build efficient solutions and grow as a proficient professional in the IT industry.

PERSONAL DETAILS

Current Location	kapadwanj
Date of birth	November 5, 2005
Gender	Male

EDUCATION

Graduation	B.Tech/B.E. (Information Technology) LDRP Institute of Technology & Research, Gandhinagar
Class XII	Gujarat with 52% in 2023
Class X	Gujarat with 83.83% in 2021
Certification Course	Python for Data Science (July 2025 - August 2025)

INTERNSHIPS AND PROJECTS

Internships	Oasis Infobyte (Duration August 2025 - September 2025) I have Completed a web development internship where I worked on building interactive and responsive web projects using HTML, CSS, and JavaScript. Gained hands-on experience in frontend development, improving design skills, problem-solving ability, and real-world project implementation. Learned teamwork, time management, and professional development practices. Skills used - HTML,CSS,Javascript
Projects	Expense Tracker (Duration October 2025 - November 2025) The Expense Tracker is a simple and user-friendly application designed to help users manage their daily expenses. It allows users to add expenses with details like amount, category, and description. All added expenses are displayed in a list format so users can easily view and track their spending. The application also calculates the total cost of all expenses automatically. Users can manage their budget effectively by keeping track of where their money is spent. The system includes options to edit or delete expenses if needed. It provides a clean interface with simple navigation for better usability. This project helps users control their finances and develop better spending habits. Skills used - Python,Python Development
